Special Learning's

LEVEL 3 ABA

ONLINE TRAINING COURSE

wwww.special-learning.com

Welcome to Special Learning, the leading global provider of Applied Behavior Analysis (ABA) training solutions and an active BACB ACE Provider (OP–14–2437). The Behavior Analyst Certification Board® (BACB®) is the international organization that governs the field of behavior analysis.

Special Learning's ABA Online Training Course is a comprehensive online training program that is delivered in recorded webcast formats, with free access to downloadable learning materials. Not good with computers? Don't worry–if you run into problems, our customer service team will be available to help. Our format makes our training available to anyone in the world with a strong Internet connection.

In addition to the training webcasts, all related learning materials are included in the cost of the course.

Let's jump straight to the substance of the Special Learning's Level 3 ABA Online Training Course.

- Why Online Format?
- Entry Requirements
- The ABA Curriculum& Structure
- Tests & Certification
- Course Objectives
- Course Modules
- Required and Suggested Materials
- Course Activities
- Contact & Support

A. WHY ONLINE FORMAT?
Convenience & Flexibility

- With the online format, you can access the training from the comfort, convenience and the privacy of your home or office.
- Participants also have absolute freedom and flexibility with scheduling. You are fully in charge of your study time.

• Cost–effectiveness

• The online format eliminates the need for travel, venue rental, event planning ex–penses, and other overhead costs.

• Why would you hustle your way to class or rent a venue when you can simply sit in front of your home or office computer and enjoy the training sessions?

B. ENTRY REQUIREMENTS

• Special Learning offers flexible and customized training programs designed for varying levels of knowledge and experience. At every level, taking notes, asking questions virtually and putting the methods into practice are major components of the training.

• Our goal is to educate, inform, and empower individuals who work with people with special needs. Our cutting edge technology platforms allow us to effectively deliver the training products and services to communities around the world.

C. TESTS & CERTIFICATION

• Like Levels 1 and 2, ABA Level 3 has weekly pre and post tests.

• Once you've completed all sessions, you will need to take a final exam in the form of an online test. Once you complete it and receive a score of 80% or higher, you will receive a digital Proof of Completion that is printable.

• The content of the course was developed by a team of BCBAs and other professionals with clinical ABA experience so you can be guaranteed that you are learning from highly trained and experienced experts with extensive practical knowledge and experience.

• The training is designed to support successful ABA programming in the home, center, school, or community environments. During the course, you will be able to implement what you learn immediately to see how the training is making you a stronger ABA practitioner.

D. COURSE OBJECTIVES

- To learn about ABA beyond the basic material.
- To understand methods of teaching supported by research in Applied Behavior Analysis.
- To be able to complete an intake of a new client, including conducting educational assessments to determine baseline levels.
- To be able to assess and address behavioral issues.
- To understand the role and importance of identifying functions of behaviors when treating problem behaviour.
- To understand how to write goals and objectives in observable and measurable terms.
- To create individualized learning plans based on assessments and functional needs of students.

E. LEVEL 3 COURSE MODULES
Level 3: Advanced ABA Program

1. Overview of ABA and Treatment Plans
2. Conducting an Intake

tailed notes for each session.

• Throughout the program, additional free resources will be available to enhance your learning.

Pre–Tests:

• Like ABA Levels 1 and 2, ABA Level 3 has a multiple–choice pre–test before each session.

Post–Tests:

• After each session, participants will be required to complete a post–test. The post–tests are meant to give you feedback on the material covered and to reinforce learning.

Course Duration & Pacing:

• This course is accessible to you for 23 weeks from the day you activate it. It is advisable to take 1 module per week.

Comprehensive Final Exam:

• At the end of the training program, you are required to complete a comprehensive online final exam to demonstrate your ability to build an ABA program.

• The final exam is graded based on the standard 80–100% mastery criteria, and you see your result as soon as you submit.

• In the event of failure to pass the final exam, the student is allowed to retake it multiple times until he or she demonstrates mastery, while the course is open.

• Successful completion of the course is a mandatory requirement for students to obtain their proof of completion.
